HIGH QUALITY, NON-RESIDUE,
TAMPER EVIDENT

NEW!

Universal 2.0 Smartphone Security Labels

Protect Your Secure Areas from Unauthorized Pictures taken from Smartphone Cameras

- Our new universal 2.0 smartphone label can cover the camera lens on iPhones, Android devices and older flip phones.
- We provide a solution which allows individuals and companies to maintain and use their electronic devices in secured areas.
- Each label leaves no residue when peeled off and comes with a 6 digit security serial number that can be tracked.

Indicates
when a label has
been tampered
with.
